

PORTFOLIO

Nada Raad

ABOUT ME

**I am a performer based in the UAE,
working across theatre, movement, and
live performance.
My work explores emotion, character, and
presence —whether on stage or in front of
the camera.**

PERFORMANCE

- I have performed in a variety of theatrical productions,
- exploring different characters, styles, and energies.
- From physical theatre to ensemble work,
- I focus on presence, storytelling, and connection with the audience.

CHARACTER & EMOTION

I am drawn to emotional depth and character-driven performance. Through subtle expression and physicality, I explore human behavior, reactions, and honest moments on stage and screen.

ON CAMERA

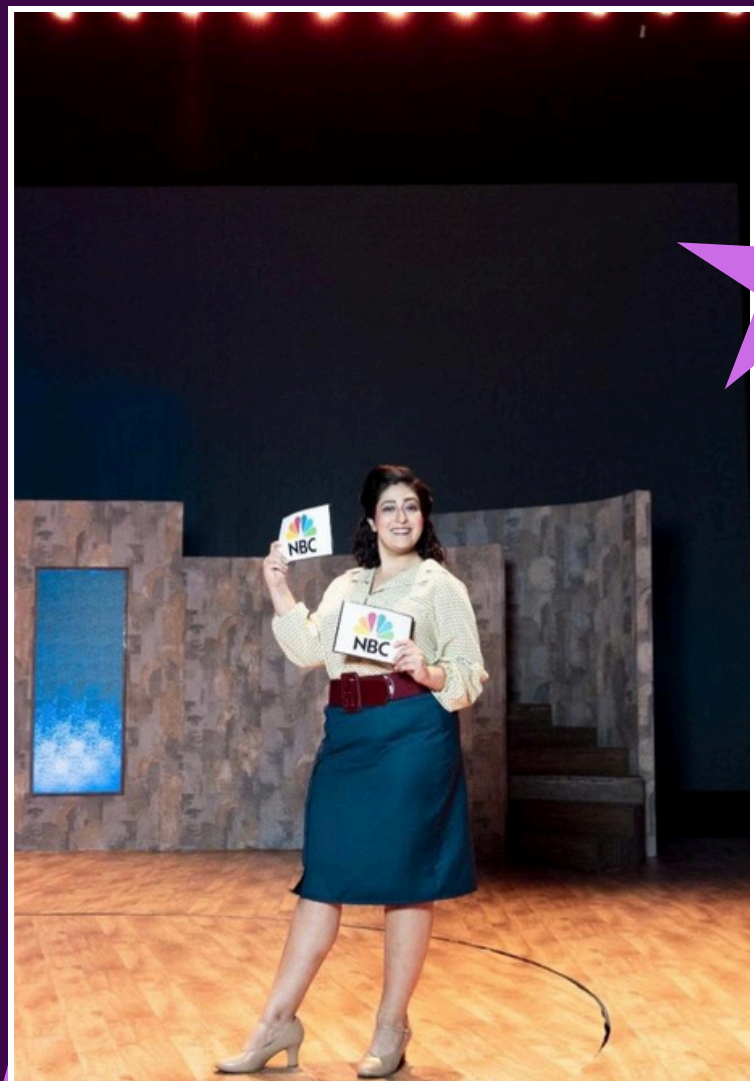

I have experience working in front of the camera, including studio shoots and recorded projects. I adapt to a more intimate scale, focusing on detail, nuance, and authenticity.

PROCESSES

What happens behind the scenes is just as important. It's about collaboration, exploration, and shaping each moment before it reaches the audience.

MOMENTS

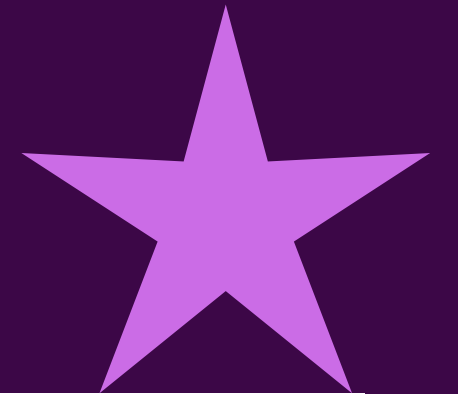

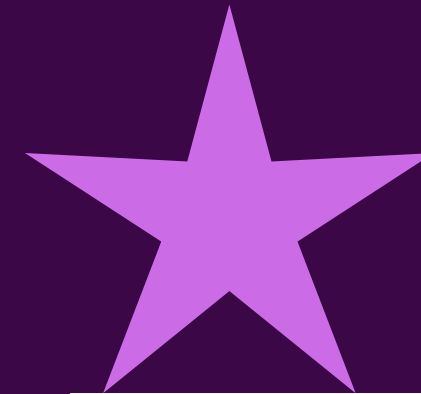

FINALLY

I see my craft as a space for exploration and transformation. I aim to grow through diverse experiences, creative collaborations, and continuous learning.
